MEXICAN NEWS

From New York.

NEW YORK, May 16 .- The Tribune says the war department has had before it a bill, introduced in the rebel congress by Mr. Curry of Alabama, which was concocted for the purpose of vindicating the starvation of prisoners of war, the murder of black soldiers, the burning of northern cities, and finally the assassination of the president of the United States and his cabinet. The preamble sets forth in great detail and needless iteration the action of the United States government in declaring all loyal slaves in rebel districts free, and speaks most bitterly of the BY ROYAL PATENT proclamation of President Lincoln, denouncing it as unprincipled and inhuman. Then follows the resolution. Therefore,

Resolved, By the house of representatives of the confederate states, the senate concurring, those painful and dangerous diseases to which the fethat we do adhere to our opinion that the so- male constitution is subject. It will in a short time bring on the acts of legitimate warfare, but are properly classed among such acts as the right to put to death prisoners of war, without the spe-cial right to use personal weapons, and the right to assassinate, and if persisted in, will justify the government in the adoption of measures of The indorsements on the papers go to show

that this resolution was read the first and second time, and made the special order for the secret session on the 16th Feb., 1864. The Herald's special says: President Johnson

has under consideration a new amnesty procla-

mation. The issuance or suppression of it, it is expected, will be decided on at the cabinet meeting to be held to day. The proclamation, if issued, will announce what classes of rebels are to be held responsible for their treason, and what will not be. The Herald's Wilmington correspondent says: There has recently been considerable excitement

n Wilmington, in consequence of the rumor that the rebel ram Stonewall is about making a raid on that place, and forts Fisher and Casewell have been strongly reinforced in anticipation of the raid. Chief Justice Chase and party, in prosecution

of their tour through the south, arrived at Wilmington on the 8th. Mr. Chase will proceed from Wilmington to Charleston and other southern ports as far as New Orleans, and return thence to Washington by way of Mississippi. The Herald's army correspondence has the The 6th corps, Major General Wright com-

magistrates to administer justice in the surrounding country, and is using every exertion, with great success, to substitute civil for martial rule n Southern Virginia.

The flocking of negroes from the country into the town of Danville has been stopped by direction of General Wright, and agricultural operations have consequently been resumed. The farms, however, are much in need of horses, mules, and implements, to prosecute their works. Long trains heavily laden with valuable property captured by our armies in Virginia and North Carolina are daily arriving at City Point from Danville via Burkesville Junction. Among

the articles are the original packages in which they ran the blockade of the national fleet at southern ports, and machinery for the manufacture of firearms, stoien by the rebels from Har-
